Commercial brochure

/ Danny 40x40 / 80x40

Budget-friendly Danny stores bicycles safely

Verhofsté
shaping open spaces

/ GENERAL

Danny is a durable bicycle bracket with an extra crossbar, which makes it easier to secure women's and children's bicycles. It is not only sleek and trendy, but also vandalism resistant due to the sturdy material from which it is made. Two bicycles can be stored on one module at a time.
